

# The Missing Link to Better Health

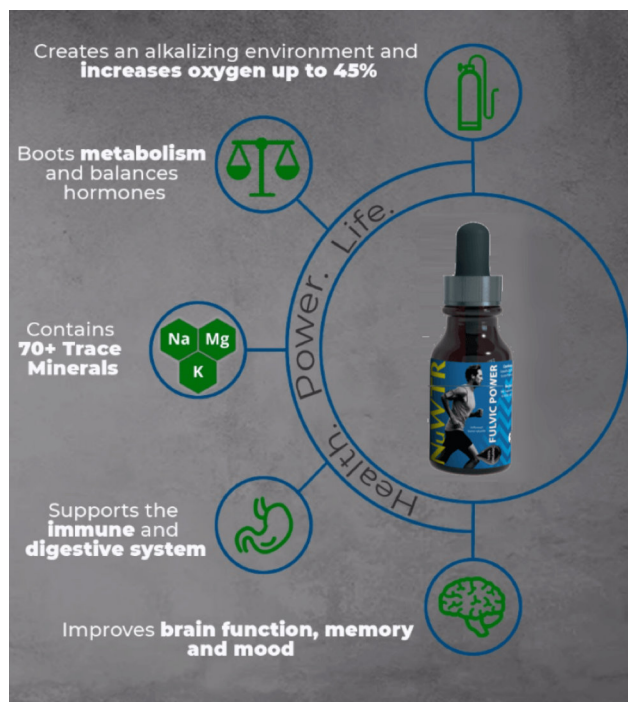

Called the missing link to optimum health and nutrition by leading scientists, medical studies have shown that this vital extract has the ability to change one's life for the better.

## WHAT ARE FULVIC MINERALS

FULVIC minerals are formed through the decomposition of plants, sometimes over thousands of years. The mud in this bog has been decomposing since the last Ice Age when the valley floor and all of its vegetation were covered with water from melting glaciers. The mud from this bog contains the remains of some 1500 species of plants including some that are now extinct.

## BENEFITS OF FULVIC MINERALS

Independent research has shown that Fulvic Minerals offer the following benefits:

- Reduces Oxidative Stress
- Provides the Most Powerful Electrolyte in Existence
- Creates a pH balanced environment
- Increases Cellular Oxygen up to 45%, providing usable oxygenation directly into the cell
- Carries 60x its weight in nutrients directly into the cell
- Carries 60x its weight in toxins, heavy metals and pesticides out of the cell
- Contains 70+ Trace Minerals
- Supports Healthy Circulation
- Creates an Anti-Aging Environment
- Improves Brain Function, Memory, and Mood
- Regenerates Cells in a Healthier Environment
- Supports Absorption of Nutrients (from Food & Supplements)
- Boosts Metabolism
- Balances Hormones

Nuwtr acts as both the UPS man and the GARBAGE man, delivering nutrients into the cell and taking toxic waste out.
